

As of **August 12, 2021**, all businesses and institutions in Philadelphia must require **proof of vaccination** to enter or require **mask use** by all staff and patrons.

Proof of vaccination:

- Businesses can require all staff and patrons to be fully vaccinated and request to see proof of vaccination for entry.
- Being fully vaccinated means at least two weeks have gone by since your second dose of the Pfizer or Moderna vaccine, or two weeks have gone by since your Johnson & Johnson vaccine.
- If everyone who comes into your store or institution is fully vaccinated, including staff, no one needs to wear a mask.
- If you lost or do not have your vaccine card, call 215-685-5488 or email COVID@phila.gov.

Text COVIDPHL to 888-777
to sign up for alerts.

Mask use:

- If businesses or institutions do not want to require full vaccination of all staff and patrons, they must require that all staff and patrons be masked at all times.
- Unvaccinated individuals should consider wearing two masks while indoors.
- Indoor dining can still happen in businesses that do not require proof of vaccination, but masks must be worn by staff and patrons the entire time while not seated and eating or drinking.
- To find out where you can get your FREE COVID-19 vaccine, visit www.phila.gov/vaccine.
